

# DEMON TIME

Chase Atlantic

Currently, uh

Poseidon's tryna drag my legs to the depths, it's occurring to me  
Currently (Currently), yeah

I can tell he's lookin' stressed, but I got all of my friends with me

Currently, we've been gettin' high every day

Balance 50/50, mix the pleasure with the pain but, yeah

If I ever rest in peace, baby, uh

I guarantee the legacy's stayin'

Drown in Hennessey when the night calls (Night calls)

Eyes bloodshot for a second, woah, uh

Fueled by dopamine, I got a tight jaw

Open up your mouth, I want you to feel it, baby

Dashed onto the scene, bitch, we outlaws (Outlaws)

Couple thousand artists that we made a sound for, yeah

Whole squad, yeah, edge of suicide

They keep watchin', I said, "Fuck a watch", bitch, it's demon time

Oh, yeah, oh, yeah, oh, yeah

Bitch, it's demon time (Demon time)

Look, yeah, I got two blades chained to me (Chained to me)

Hell or Heaven, been to both, it's all the same to me (Same to me)

Rage and chaos come with sacrifice, taken too many lives

Can't wash it off, the blood's stained to me

I'm filled up with trauma from a second life

Barely scratch the surface with these words, but, shit, it's worth a try

Drugs and money, ETC, it comes with sacrifice

It's so insane, the music game needs Chxse to stay alive

So I drown in Hennessey when the night calls (Night calls)

Eyes bloodshot for a second, woah, uh

Fueled by dopamine, I got a tight jaw

Open up your mouth, baby, let me in it, yeah

Dashed onto the scene, bitch, we outlaws (Outlaws)

Couple thousand artists that we made a sound for, yeah

Whole squad, yeah, edge of suicide

They keep watchin', I said, "Fuck a watch", bitch, it's demon time (Yeah)

Bitch, it's demon time

Yeah, oh, yeah, yeah

Yeah, yeah, yeah, said

Mama, don't you pray for me

Your son's fine, I dance with the devil, gracefully

Turn to Taylor when I need to talk faithfully

To be continued, just leave a blank page for me, me

Mama, don't you pray for me

To be continued, just leave a blank page for me
