

DEVILISH

Chase Atlantic

Yuh

Sever off the head and watch the body fall (Ayy)

See you in the depths, that ain't a metaphor (Ayy)

Sex, blood, fashion, drippin' holy water

Holy shit, she worshipping my dick like it's the holy father (Ayy)

Triple the six, abandon your God 'cause he don't exist (Ayy)

I keep the blade on me, talk if you wish then I cut off your wrists (Ayy)

Medication got me higher than Heaven, but God I'm the shit (Ayy)

I got fixes straight from Hades, I'm poppin' the pills like I'm sick (Ayy)

I only exist to fall

Habits like the ghost of God

I just walk the earth 'til I'm gone

Feeling homesick, fire up and burn, bitch, yuh, yuh

Devilish, fuckin' with my guys, yuh

I make sacrifices, you make lies up (Ayy)

Heaven lost an angel when I signed up

I might fuck her friend, ain't made my mind up (Ayy)

I'm devilish, yuh, I'm devilish, yuh

I'm devilish, yuh, I'm devilish, yuh

I'm devilish, Satan the plug, he love me, yuh

The devil works, 'cause Satan the plug, he love me

Settle down

You don't wanna see me drag the devil out

You don't wanna see no demons in your fucking house

You don't want severe damage to your mental health (Yeah)

I take drugs on the daily

I take pity on the people tryna save me (Yeah)

God doesn't exist and he's a mythical lil' bitch

And you will never catch me prayin', oh

I only exist to fall

Habits like the ghost of God

I just walk the earth 'til I'm gone

Feeling homesick, fire up and burn, bitch, yuh, yuh

Devilish, fuckin' with my guys, yuh

I make sacrifices, you make lies up

When I signed up

I might fuck her friend, ain't made my mind up (Ayy)

I'm devilish, yuh, I'm devilish, yuh

I'm devilish, yuh, I'm devilish, yuh

I'm devilish, yuh, I'm devilish, yuh

I'm devilish, yuh, I'm devilish
