

# DISCONNECTED

Chase Atlantic

This might be depression  
My body is cold, I sold out my soul, I got too invested  
Yeah, drugs are involved, the story gets old  
I don't learn my lesson, nah  
When I speak through the music, I spill my confessions, uh  
Fuck a church or a reverend  
Existential disconnect  
Cameras flashing, feel like slashing off my fuckin' neck  
Plug went ghost, I'm out of potion, I've got nothin' left  
I feel sorry for the wall I smash my head against (Head against)  
I smash my head again, feel sorry

Feel disconnected, uh  
Can't feel my body, nor do I respect it, yeah  
I'm back on Molly, lost all good intentions, yeah  
Violence is calling, guess who's feeling reckless?  
Hit back, hit back, hit back

I'm fallin', I feel disconnected (Disconnected), uh  
No angels callin', barely form a sentence (Sentence)  
My brain is rottin', no more interventions, yeah  
I'm done with talking, I don't wanna jump  
If I jump, then I'll leap right off  
Why you talkin' to me, baby? Talk no more  
I can't hold you, baby, my whole body's numb  
I don't wanna feel, I feel disconnected (Disconnected, disconnected, disconnected)

Yeah, oh, oh-oh, ah  
Take some time (Yeah)  
I hear them talking, I'll be fine (Fine)  
One call and I'll be on my way (On my way)  
I lied, but that was yesterday (Yeah-yeah)  
Shit's not the same (Yeah-yeah)  
These broken veins, won't heal in time for you to save  
Oh, what a shame, I'm fucking up the family name  
Hop off a plane, a different country every day  
You said, "The grass is always greener", but the sky is gray

Feel disconnected, uh  
Can't feel my body, nor do I respect it, yeah  
I'm back on Molly, lost all good intentions, yeah  
Violence is calling, guess who's feeling reckless?  
Everyone around me can feel it, baby

I feel disconnected (Disconnected), uh  
No angels callin', barely form a sentence (Sentence), uh  
My brain is rottin', no more interventions, yeah  
I'm done with talking, I don't wanna jump  
If I jump, then I'll leap right off  
Why you talkin' to me, baby? Talk no more  
I can't hold you, baby, my whole body's numb  
I don't wanna feel it, I feel disconnected (Disconnected, disconnected, disconnected)

Yeah, yeah, I said  
I feel disconnected, yeah, yeah

My whole body's tempted  
I might just threaten  
Your whole damn family

Bitch, bitch, yeah, I feel disconnected  
No angels callin', barely form a sentence  
My brain is rottin', no more interventions  
I'm done with talking, yeah, yeah, yeah

I don't really feel good, yeah  
Head is fucking disconnected  
From their bodies, I don't wanna
