

# PARANOID

Chase Atlantic

Cold eyes

All my demons dance through the motherfuckin' nighttime  
Said I wouldn't sniff it, took a whole line  
Poison in my brain, feel it creeping through on both sides, oh my  
I'm three pills down and wide the fuck awake  
In three more hours been up for seven days  
I can see them movin' in the trees  
Take a deep breath in, hyperventilate  
Ducking paparazzi, doin' flips, uh (Let's go)  
Brand new Maserati with the tint  
Got a twenty-inch blade, God forgive me if I sin, uh (Brr)  
Did it once, I might do it again, yuh, yuh  
Devil looking at me sideways, yuh  
Seven eyes staring through the driveway, whoa  
Seven Cal. bullets hitting high range  
Open up your eyes, let them dilate, yeah, yeah

And now I'm lyin' here awake

Sippin' Hennessy to wash away the pain 'cause I'm paranoid (I'm paranoid)  
I'm paranoid, yeah (I'm paranoid)  
Oh, yeah, yeah (Oh yeah)  
Take the gun right out the safe  
Put it up against my head and blow my brains 'cause I'm paranoid (Oh, yeah)  
I'm paranoid, yeah, yeah, yeah, yeah, yeah

Baby, one more line to go

She just hit the ground and now she's lying on the floor, woah  
The blood is dripping down my throat, eh  
I can hear them knocking, I got demons at my door just (Tchh)  
Just promise me you won't let them inside  
Yeah, I don't deal with situations lightly  
And I've never been the type to run and hide  
So I'ma let these bullets fly if they try me  
I've been

Lyin' here awake

Sippin' Hennessey to wash away the pain 'cause I'm paranoid  
I'm paranoid, yuh, yuh, yuh  
I'll take the gun right out the safe  
Put it up against my head and blow my brains 'cause I'm paranoid  
I'm paranoid, yuh, yuh, yuh, yuh, yuh  
And now I'm lyin' here awake  
Sippin' Hennessey to drown out all the pain 'cause I'm paranoid  
I'm paranoid, yuh, oh, yeah, yeah  
I'll take the gun right out the safe  
Put it up against my head and blow my brains 'cause I'm paranoid  
Bitch, I'm fucking paranoid, I'm paranoid, yeah

Yeah, I'm paranoid

Paranoid, ooh

Lyin' here awake

Sippin' Hennessey to wash away the pain  
I'm paranoid, I'm paranoid, oh  
I'll take the gun right out the safe  
Put it up against my head and blow my brains 'cause I'm paranoid
