

PLEASE STAND BY

Chase Atlantic

Yeah, yeah

Mmm

Look, I just wanna get my mom a crib and I'll be straight
I just wanna get up off a jet, hop on a lake
Tell me I can't have it, bitch, I bet I take
They don't know where we're from, but we lived in the brace
Boys came from nothing
Made it to something
The circle is buzzing
I feel it coming, okay
Shit used to be so slow I was pissed
Got respect on my name 'cause I stay focused (Look)

Worked that nine-to-five, had my head low
Looking for the money, was a no show
Papa a Crip, walking through a funeral
Like 'BIG' yeah, in six months I'm BIG ON
To be honest I won't live long
But while I'm here, I bet they feel me on each song, huh
While I'm here, I bet I rage, rage, rage
So liberated, give a damn what you say

Please stand by
I love it when my bitches get high, yeah (Get high)
Please stand by (Shit)
I love it when my enemies die, yuh (Enemies die)
Please stand by
We gon' hit the fuckin' sky, yeah
Please stand by (Woah)
I'm about to catch this flight, yuh, yuh
Please stand-

Geeked up, geeking, uh
Rollin' every goddamn weekend
I'm doing mathematics with the drugs (Yeah)
Pop three pills in a sequence
See I'm 'bout to fly out to Houston (Oh)
I don't take drugs, I abuse them (Oh)
No, I do not fuck with you losers (Nope)
You turn up the static, it's useless

If it's up, then it's up, uh
Play with me, I'll get you stuck (No no)
No, I do not play with that pussy
If she fucks with me I fuck
I'm rolling now, yeah
I'm rolling now, uh
They 'bout to see me on stage
Pulling up to these shows like I'm fucking up 'Rolling Loud'

Please stand by
I love it when my bitches get high, yeah (Get high)
Please stand by (Shit)
I love it when my enemies die, yuh (Enemies die)
Please stand by
We gon' hit the fuckin' sky, yeah

Please stand by (Woah)
I'm about to catch this flight, yuh, yuh

I won't get tired of fucking and rolling
Put you on my vibe, I love when she's talking (Hell yeah)
The city go hype, drop two in the morning
Can't fuck with my vibe, can't fuck with my homies (Oh yeah)
Little mamacita got it goin'
If she fuck with me, she like it foreign
Kawasaki, flip it like a hornet
If they ain't lit, that shit boring
You don't fuck with lean, but got a liter?
Drippin', sip it' like a margarita
Fuck with me, you can't die broke
Fuck with me, I can't die, oath

Please stand by
I love it when my bitches get high
Please stand by (Shit)
I love it when my enemies die
Please stand by
We gon' hit the fuckin' sky
Please stand by
I'm about to catch this flight
