Tidal Wave

Chase Atlantic

Lay your body on the floor baby
I love it when you breathe in
And I've been drinking so much more lately
But that's just how I'm feeling (that's just how I'm feeling)
If you don't wanna break his heart girl
Where the fuck is he then?
See I just wanna waste a little time with ya
But then I'm up and leaving

O-o-o-oh
Flood it like a tidal wave
O-o-o-oh
See I'm just tryna misbehave
I know it's hard when you know you're no better
Just open up let your body talk for ya like
O-o-o-oh
Flood it like a tidal wave

(Flood it like a tidal wave)

Passion dripping off the wall baby
Damn you make it easy
Drop a little acid on our tongues baby
We can make it freaky
Don't you think about turning the lights out
I want them to see this
And I say fuck the rules and let them find out
But that's just how I'm feeling

O-o-o-oh
Flood it like a tidal wave
O-o-o-oh
See I'm just tryna misbehave
I know it's hard when you know you're no better
Just open up let your body talk for ya like
O-o-o-oh
Flood it like a tidal wave
Like o-o-o-oh
Flood it like a tidal wave

Throw another stone at a glass house
He might kick my ass if he finds out
I don't wanna share it's a damn shame (damn shame)
I still play it fair don't drop no names (no names)
Flood it let the water hit the floor, run it
Open up your soul a little more, flood it
Ride that fucking wave into the shore, ride it
The beach is like a meter from the bed, slide in

O-o-o-oh
Flood it like a tidal wave
O-o-o-oh
See I'm just tryna misbehave
I know it's hard when you know you're no better
Just open up let your body talk for ya like
O-o-o-oh
Flood it like a tidal wave

Like o-o-o-oh
Flood it like a tidal wave

(O-o-o-oh)
(Flood it like a tidal wave)
(Like o-o-o-oh)
(Flood it like a tidal wave)
