

# When You're Drunk

Chase Bryant

Girl, you know there's only two red lights  
Between your house and mine  
Some nights they both turn green at the same time  
And the stars align

Yeah, tell me, what a boy to do?  
Has the same itch as a girl like you  
I got my whiskey, you got your wine  
The phone starts ringing right on time

You only call me when you're drunk  
I always want you when I'm drinking  
All we do is just hook up  
Try to fall and call it love  
That's because  
You only call me when you're drunk

Tell me, is it ever really gonna change?  
The sun comes up and you run away  
Tell me why ever single time you find my name  
I pick up, always do  
There ain't nothing new

You only call me when you're drunk  
I always want you when I'm drinking  
All we do is just hook up  
Try to fall and call it love  
That's because  
You only call me

You only call me when it's late enough  
When you've had too much  
You ain't gotta say too much  
You know I love  
That you call me when you're drunk  
Oh, yes, you do

You only call me when you're drunk  
And I always want you when I'm drinking, baby  
All we do is just hook up  
Try to fall and call it love  
That's because, baby  
You only call me  
You only call me when you're drunk

You only call me  
You only call me when you're-  
You only call me when you're drunk
