Before

Chase Coy

I am yours if you say so
You are mine, please say it's so oh oh...
Begging for a chance to grow

We rush ahead with both our pasts in tow

Saying that we won't be
People that we've been before
Baby when we fall in love
That's when we go to war
And I would never hurt you
I would never leave you cold
Saying that we won't be
People that we've been before

You hold my thoughts together
Yeah you keep me sane
Through this violent weather
I will keep you safe

Saying that we won't be
People that we've been before
Baby when we fall in love
That's when we go to war
And I would never hurt you
I would never leave you cold
Saying that we won't be
People that we've been before

Truth be told
You came just in the nick of time
‘Cause I was so lost
Before your eyes met mine
And darling, don't you know that we've got it all?
‘Cause home is here inside my lover's arms

Saying that we won't be
People that we've been before
Baby when we fall in love
That's when we go to war
And I would never hurt you
I would never leave you cold
Saying that we won't be
People that we've been before
