

Dirt Road Does

Chase Matthew

I never thought I'd find anything I loved more
Than turning off a county road
Letting these boots hit the floor board
And getting lost out there's my favorite thing to do
It might sound crazy baby
But it happens every time I look at you

Cause girl you get me like a dirt road does
You get me higher than some red clay dust
Slow me down when the world speeds up
Girl you get me like a dirt road does
Yeah it feels just like I'm flying
Like I'm on one if you're beside me
Nothing more this old boy loves
Girl you get me like a dirt road does

I thank God every day for the both of you
Yeah your brown eyes and a two lane windshield view
Cause when I've been gone too long
Y'all both know how to take me home

Cause girl you get me like a dirt road does
You get me higher than some red clay dust
Slow me down when the world speeds up
Girl you get me like a dirt road does
Yeah it feels just like I'm flying
Like I'm on one if you're beside me
Nothing more this old boy loves
Girl you get me like a dirt road does

Getting lost out there's my favorite thing to do
It might sound crazy baby
But it happens every time I look at you

Cause girl you get me like a dirt road does
You get me higher than some red clay dust
Slow me down when the world speeds up
Girl you get me like a dirt road does
Yeah it feels just like I'm flying
Like I'm on one if you're beside me
Nothing more this old boy loves
Girl you get me like a dirt road does
Girl you get me like a dirt road does
