Do Me Like That

Chase Matthew

As soon as you walked in
I knew where it was going
From the moment you said it
With your eyes already knowing
After one too many you'll be coming over
Won't take long we'll be moving closer
And you know that I can't help myself

Why you gotta do me like that?
Why you gotta look so good?
Why you gotta come in here
Showing up to show it off
Tearing me up and turning me on like that?
Girl, it oughtta be a sin
Everything that you're whispering
Is sending chills down my back
I want you bad
Why you gotta do me like that?

When you're doing what you're doing
I sure like what I'm seeing
You know that I know that you don't
Dot intention to get me leaving
Stop reeling me in and letting me go
This back-and-forth keeps me wanting you more
And you know that I can't help myself

Why you gotta do me like that?
Why you gotta look so good?
Why you gotta come in here
Showing up to show it off
Tearing me up and turning me on like that?
Girl, it oughtta be a sin
Everything that you're whispering
Is sending chills down my back
I want you bad
Why you gotta do me like that?

Why you gotta do me like that?
Why you gotta look so good?
Why you gotta come in here
Showing up to show it off
Tearing me up and turning me on like that?
Girl, it oughtta be a sin
Everything that you're whispering
Is sending chills down my back
I want you bad
Why you gotta do me like that?
