

Gotta Be A Way

Chase Matthew

I know what you're drinkin' at that bar
And he might buy you rounds and go too far, oh
There's probably a better time and place
For what I know that I'm about to say
But anyways, here goes nothin'

There's gotta be a way I can get you back
More than two ways on this one-way track
One leadin' to somethin' I don't wanna lose
The straight and the narrow right back to you
The future I planned only had you in it
I'm needin' your smile every New York minute
Girl, I need you back, I need you here to stay
There's gotta be a way

I keep checkin' my phone, hopin' that you called
'Cause the second you do, baby, you know I'm gone
There's nothin' anybody else could say
That wouldn't stop me to save the day
But you'll never call 'cause, damn it, he's got it made

There's gotta be a way I can get you back
More than two ways on this one-way track
One leadin' to somethin' I don't wanna lose
The straight and the narrow right back to you
The future I planned only had you in it
I'm needin' your smile every New York minute
Girl, I need you back, I need you here to stay
There's gotta be a way
There's gotta be a way

There's gotta be a way I can get you back
More than two ways on this one-way track
One leadin' to somethin' I don't wanna lose
The straight and the narrow right back to you
The memories I had only had you in 'em
I'm needin' your smile every New York minute
Yeah, I'm all torn up, I can't live life this way
And I need you back, I need you here to stay
There's gotta be a way
There's gotta be a way
