

# Love Like That

Chase Matthew

My luck with love ain't never been great  
(Never been great)  
My heart gets broken will it ever change  
(Will it ever change)  
Maybe I'm just made for the heartbreak  
Maybe the lord has someone waiting  
When I get down thinking that I'm lonely I start praying

I just wanna find a girl that my momma would be proud of  
One that wants to ride in my shotgun seat  
It'd be fine if she had a little heartbreak  
That's something she's gonna fix with me  
Lord you know that I'm rough around the edges  
I need a woman that can handle that  
Give me a love that's everlasting  
Lord help me find a love like that

(Yeah a love like that, like that)

I know you know lord exactly what I need  
And wherever you are girl I hope that you're waiting for me  
You need to know I got a momma  
Who loved you before she even saw you  
Lord I know if I could call you  
This is what I'd say

I just wanna find a girl that my momma would be proud of  
One that wants to ride in my shotgun seat  
It'd be fine if she had a little heartbreak  
That's something she's gonna fix with me  
Lord you know that I'm rough around the edges  
I need a woman that can handle that  
Give me a love that's everlasting  
Lord help me find a love like that

(Woah)

I just wanna find a girl that my momma would be proud of  
She's looking so good in my shotgun seat

Oh Lord you know that I'm rough around the edges  
I need a woman that can handle that  
Give me a love that's everlasting  
Lord help me find a love like that

Yeah a love like that  
Ohh a love like that  
In my shotgun seat  
Lord help me find a love like that
