

Moonlight

Chase Matthew

Heard there's a party off a dead end
Little piece of heaven
You and me together
Darling, you know where we're headed
Carhartt on your shoulders
I feel you move in closer
We'll take it to a place
Out in the middle of nowhere
So, baby, hold my hand
I'll show you there's nothing better than
Better than

You in that moonlight
Spinning you, baby
Just like them mud tires
Seeing you dancing 'round in them headlights
Doing this forever would be a good life, good life
Girl, the way you kiss me
Is hitting me like a double shot of whiskey
Wish you could see everything I see
We can stay here tonight
With every star in the sky
Seeing you in that moonlight

I love it when you look at me
Burning in the summer heat
Fall into each other
Ain't no telling, girl, what we could be
Baby, if you take my hand
I'll show you there's nothing better than
Better than

You in that moonlight
Spinning you, baby
Just like them mud tires
Seeing you dancing 'round in them headlights
Doing this forever would be a good life, good life
Girl, the way you kiss me
Is hitting me like a double shot of whiskey
Wish you could see everything I see
We can stay here tonight
With every star in the sky
Seeing you in that moonlight

I've seen you under city lights
But I don't like that city life
Girl, we could be anywhere
But if there's anywhere out there

It's under that moonlight
Spinning you like the mud tires
Dancing 'round in them headlights
Doing this forever would be a good life, good life
Girl, the way you kiss me
Is hitting me like a double shot of whiskey
Wish you could see everything I see
We can stay here tonight

With every star in the sky
Seeing you in that moonlight

In the moonlight, moonlight, yeah
