

Small Town Famous

Chase Matthew

(Chase Matthew)

The radio's been talkin' 'bout me
A young guy outta Tennessee
Goin' for broke, tryin' to live his dream
It's kinda cool when they sing along
Know every word to every song
It's kinda crazy when I think

Remember when they said I wouldn't make it
With big dreams and a little bit of patience
No handouts, I'm always gonna chase it
Chase it, chase it
Remember when they said I'd end up breakin'
Don't be gamblin' in Nashvegas
And from the start, a legend in the makin'
Just tryna make a small town famous
Yeah, a small town famous

We went from tailgates and parkin' lot parties
Back when I was just gettin' started
Runnin' Main and everything in-between
I still cut the grass on a Tuesday
And still go to church on a Sunday
Thankful I was raised to believe
And now I'm livin' my dream

Remember when they said I wouldn't make it
With big dreams and a little bit of patience
No handouts, I'm always gonna chase it
Chase it, chase it
Remember when they said I'd end up breakin'
Don't be gamblin' in Nashvegas
And from the start, a legend in the makin'
Just tryna make a small town famous

And this town has put me on the map
And for all of y'all that rode with me through hell and back

Remember when they said I wouldn't make it
With big dreams and a little bit of patience
No handouts, I'm always gonna chase it (Chase it)
Remember when they said I'd end up breakin'
Just 'cause I'm a native in Nashvegas
And from the start, legends in the makin'
Look at us now, we made a small town famous
Yeah, we made a small town famous

Yeah, we did
