

This Ain't Working

Chase Matthew

Fighting like hell
Always ended up black-and-blue
I'd take the blame
When I never did a thing to you
Always dreamed about the outside
Silverado bow tie
Hit the tracks and I was gone
Thought about wanting
To fix this but maybe I don't

'Cause this ain't your first time on the run
We've been here before chasing what's left of us
If I had it my way, I'd say we were done
When you left the driveway and left my love
Tell me was it worth it?
'Cause I don't deserve this
I'm sorry I called ya
I know that you're working
And you're gonna hate this
I know we ain't perfect
But damn, girl, this ain't working

Girl, I know right now you're probably mad as hell
But I can't hold onto you when you've been holding onto someone else
This ain't gonna last and I can't pretend
There's no going back to what will never mend
I wish there was time to talk about it
But what we are is already dead

'Cause this ain't your first time on the run
We've been here before chasing what's left of us
If I had it my way, I'd say we were done
When you left the driveway and left my love
Tell me was it worth it?
'Cause I don't deserve this
I'm sorry I called ya
I know that you're working
And you're gonna hate this
I know we ain't perfect
But damn, girl, this ain't working

This ain't working

'Cause this ain't your first time on the run
We've been here before chasing what's left of us
If I had it my way, I'd say we were done
When you left the driveway and left my love
Tell me was it worth it?
'Cause I don't deserve this
I'm sorry I called ya
I know that you're working
And you're gonna hate this
I know we ain't perfect
But damn, girl, this ain't working

Damn, girl, this ain't working
