

We Had It Good

Chase Matthew

I gave you everything, I watched you walk away
You really left us in the dirt, I really thought you'd stay
You couldn't feel the pain, but you would watch me bleed
I never thought I'd see the day that I would watch you leave
I just watched you leave

And now you curse my name, you think I did you dirty
Honey, I can't say I didn't see this comin'
Now you hate me, you'll never replace me
Darlin', you might think you can, but you'll never erase me
But you left me in the dust, did all that I could
A little too late for you to call me up
I knew that you would, it's understood
Me and you both know (Me and you both know)
That we had it good

Heard you been showin' up and you been showin' out
Funny how the rumors fly in a small town
I know you think of us and what we used to be
I never thought I'd see the day that I would watch you leave
I just watched you leave

And now you curse my name, you think I did you dirty
Honey, I can't say I didn't see this comin'
Now you hate me, you'll never replace me
Darlin', you might think you can, but you'll never erase me
But you left me in the dust, did all that I could
A little too late for you to call me up
I knew that you would, it's understood
Me and you both know (Me and you both know)
We had it good

And now you curse my name, you think I did you dirty
Honey, I can't say I didn't see this comin'
Now you hate me, you'll never replace me
Darlin', you might think you can
You left me in the dust, did all that I could
A little too late for you to call me up
I knew that you would, it's understood
Me and you both know (Me and you both know)
That we had it good (Me and you both know)
We had it good (Me and you both know)
