

# Burned Down Heaven

Chase McDaniel

If this ain't Hell, then it's close  
It's all my fault, yeah, I know  
I went too far, God what have I done?  
Breaking the heart of an angel I love

Feels like I burned down Heaven in that driveway  
I learned my lesson a few tears too late  
Dropping words like matches, leaving her heart in ashes  
I can't take it back no matter what I say  
Feels like I burned down Heaven

I couldn't save her from me  
Ask me what's gone, everything  
I shoulda stayed, why did I run?  
Leaving the only thing that I really want

Feels like I burned down Heaven in that driveway  
I learned my lesson a few tears too late  
Dropping words like matches, leaving her heart in ashes  
I can't take it back no matter what I say  
Feels like I burned down Heaven, it went up in smoke  
I burned down Heaven when I let her go  
I burned down Heaven

Feels like I burned down Heaven in the heat of goodbye  
Coulda put out that fire with the tears from her eyes

I burned down Heaven in that driveway  
I learned my lesson a few tears too late  
Dropping words like matches, leaving her heart in ashes  
I can't take it back no matter what I say  
Feels like I burned down Heaven  
Burned down Heaven

Feels like I burned down Heaven  
Burned down Heaven
