

One, four, three
 You love me so
 No, I can't wait to slide your way
 Bet you make something shake
 I lose face when you go down
 Knock your shit right out the frame
 No, I ain't the same

Took time, made some change
 Got change
 Told you like last time, made some change
 Love me like one, four, three
 I'm a zone six nigga till I D-I-E
 I got five fingers with a fuck them to the side
 Lemme inside
 Lemme inside

One, four, three
 Too sick
 You love me so
 No, I can't wait to slide your way
 Bet you make something shake
 I lose face when you go down
 Knock your shit right out the frame
 No, I ain't the same

No, I can't play
 Close my eyes, see your face
 These hoes can't take your place
 I mean, what else can I say?
 Said you don't want space
 I'll bring you close
 Your safe space, your place
 It's not you, it's me

One, four, three
 You love me so
 Bitch, I'm the plug, bitch, I'm the plug
 No, I can't wait to slide your way
 Bitch, I'm the plug
 Bet you make something shake
 Bitch, I'm the plug, bitch, I'm the plug
 I lose face when you go down
 Bitch, I'm the plug
 Knock your shit right out the frame
 Bitch, I'm the plug, bitch, I'm the plug
 No, I ain't the same
 Bitch, I'm the plug

Bitch, I'm the plug, bitch, I'm the plug
 Bitch, I'm the plug
 Bitch, I'm the plug, bitch, I'm the plug
 For your loving
 Bitch, I'm the plug
 Bitch, I'm the plug, bitch, I'm the plug
 For your loving
 Bitch, I'm the plug
