

comes with the damage

Chase Shakur

Time is of the essence (Yeah, yeah)
Tell me what you missin' (Missin', missin')
Finally learned myself a lesson, a lesson

No, I keep by you, not tryna find you (Not tryna)
'Cause if I do, I'll be right back inside you
No, I keep by you, not tryna find you (Not tryna)
'Cause if I do, I'll be right back inside you

Baby, don't panic
'Cause it comes with the damage
Don't you act like you hate it
'Cause you sit up late for the stars
Sometimes, I get too toxic
Argue over nonsense
It started fuckin' with my conscious
Know that I'm gettin' off of topic, but
Know there's things that you want to say
You ride for me, that comes either way
No, I can't take advantage
No, it's not how you planned it at all
All that must have left me stranded
Guess it comes with the damage

No, I keep by you, not tryna find you
'Cause if I do, I'll be right back inside you
No, I keep by you, not tryna find you (Baby)
'Cause if I do, I'll be right back inside you

'Cause if I do, I'll be right back inside you
No, I keep by you, not tryna find you (Not tryna)
'Cause if I do, I'll be right back inside you
Baby, don't...
