

i know you've been lonely

Chase Shakur

Oh, you run my mind again
You say you're lonely
And I wanna be there
Why don't you make a decision?
I've been yearning for your love
You've been waiting all night
Don't wanna lead you on
Don't wanna lead us wrong
Damn, I hope you forgive me
Girl, why can't I leave you alone
No matter how hard I try

Swerve lanes when we drunk
Tell me what you want
I'll play with that pussy, you know it
My hand on your thigh
You love when I drive
I can't leave you alone, alone
Alone, alone, alone
Am I wrong? Whoa

Don't you rush
Why don't you hold it down
I don't beg, but I'm a hit your line
You wanting my time
God's been trying to keep me on your mind
All the time

You say that you're lonely
I can't let that happen
I can't leave you alone
Alone
Alone, alone, alone
Alone, alone, alone
Am I wrong? Whoa

You say that you're lonely
I can't let that happen
I can't leave you alone
Alone
Alone, alone, alone
Alone, alone, alone
Am I wrong? Whoa

You say that you're lonely
I can't let that happen
I can't leave you alone
Alone
Alone, alone, alone
Alone, alone, alone
Am I wrong?
