Whole world is Wonderlove

Let God form our hearts into a cup
For the tears we may shed
Through the lush and harsh life
May God let us pour into each other
Giving only half of his nourishment
We know this world can be cold
We need warmth in these times
Let my love be a shelter
Somewhere safe for just the two of us
I want to be able to see you
The same way you see me
Let our love be fun and free
For us to never lose our inner child
Let us be there for each other when it's time
To clear our minds in troubled times
And let no material or social trends
Measure our souls worth
I'll be there when your soul hurts
