

LUV LANGUAGE

Chase Shakur

Take nothing for you to decide
We ride 'round, you my rider
On my mind like it's rent-free
So we don't got to pay no price

Yeah, you just for me, oh, just for me
Just for me

For this spot, girl, I'm right here with you
Rather be with you, pull up where you stay
Make sure that you're safe
Spend my ones
What you want me to do, do?
I know what to do, know what to do
Girl, catch this wave
When you get home, I feel your legs
Need me to stay, call me
Can't let you feel no way
Can't feel no way
Said you hate I'm gone too much
When I'm right here with you, right here with you

Yeah, yeah, bring it back, yeah, hear your fears
No more tears
Miss your lips, yearning you when you not here
Love when you look like this, is this for real?
Is this?
Pray you don't miss, 'cause my past been here
'Cause my past been here

For this spot, girl, I'm right here with you
Rather be with you, pull up where you stay
Make sure that you're safe
Safe, safe
Spend my ones
What you want me to do, do?
Yeah, yeah, yeah, yeah
Girl, catch this wave
When you get home, I feel your legs
Need me to stay, call me
Can't let you feel no way
Can't feel no way
Said that you hate I'm gone too much
But I'm right here with you
Right here with you

Right with you, right with you
Right with you, yeah

When you get home, I feel your legs
Need me to stay
Can't let you feel no way
When you get home, I feel your legs
Need me to stay
Can't let you feel no way
When you get home, I feel your legs
Need me to stay

Can't let you feel no way
