Chase Shakur

Just like that
We got an LED or something? It's not bright
Wait, wait
We'll do it together

Already
Rose got me goin' already
You not ready
I'll be gone by mornin'
Before you get to yawnin'
No side eye
Don't give me side eye
Hips too wide
You tryna get intimate, intimate
Inside of my telly (Ooh-ooh-ooh-ooh-ooh)
But I

Don't wanna show you too much, don't show you
You know it's hard for me to keep this shit a problem
You know I usually hold it down with some options
Don't wanna show you too much, don't show you
Say I'm not talkin' enough and that shit blow you
You know it's hard for me to keep this shit a problem
You know I usually hold it down with some options, oh

Wanted me to run it back
Run it, run it, run it
Run it, run it, run it
But that body, too crazy
But when I buss down, you everything, but silent (Run it, run it, run it)
Can't know (Uh)
(For the one night, oh)

Don't wanna show you too much, don't show you
You know it's hard for me to keep this shit a problem
You know I usually hold it down with some options
Don't wanna show you too much, don't show you
Say I'm not talkin' enough and that shit blow you
You know it's hard for me to keep this shit a problem
(You know I usually hold it down with some options, oh)

I'm so lit (Yeah, yeah)
I'm so lit (Yeah, yeah)
I'm so lit (Yeah, yeah)
I'm so lit (Yeah, yeah)

No slowing down
Don't give me side eye
You tryna get intimate, intimate
I'm runnin', runnin', runnin'
Before the mornin', oh, oh
Don't wanna show you too much, don't show you (Don't wait for my love)
(Don't wait for my love, wait for it)
(Don't wait for my love)
(Don't wait for my love)
