

Push Me Away

Chase Shakur

Don't got none
No, I can't outrun
Say I move too fast
Know we're both too young
And your feeling a way
Just don't push me away
I might fuck up again
I'll try not to do it again
I'll switch lanes on you
You've got trust issues
You need to work shit out
You need to change your views
Don't fade away
Don't trip
Don't slip on me no more

That's ok push me away
That's ok push me away
Push me away
Push me away
