

want me

Chase Shakur

(Must be Cedric)

Tell your secrets, you safe
Damn, did I come too late?
You know Atlanta traffic like a bitch
Starting route
I be quick, just hit a switch in my stick
And yeah, you know
I be tired after these shifts
Say the time, and I'm there
That's why I be out with my dogs, no

But when I come back (When I come back)
Don't turn your back
Why you do me like that?
'Cause I know you want me
I know you want me
When I come back
Don't turn your back (Don't turn your back)
Why you do me like that?
'Cause I know you want me
I know you want me

I don't waste my time
Especially since I run through these red lights on the daily
Yeah, you're my baby
Your shit already drive me crazy
And no, I'm never home nowadays
'Cause you're stuck on them games that you played
I'm not the same, I'm not the same
Tryna give you everything
Your ex a lame (Oh, oh, oh)

But when I come back (When I come back)
Don't turn your back
Why you do me like that?
'Cause I know you want me
I know you want me
When I come back

Do me like, do me
Do me like (When I come back, baby)
Do me like, do me like
Do me
'Cause I know you want me
Do me like, do me
Do me like

Baby girl, alright
I got a find me a girl
Oh, oh, baby girl, alright
