

YOLANDA

Chase Shakur

Left the line
Left the line with two cups
Turn around ain't mean to see your face
Damn you know who I came with
Now you look at me like words I say are counterfeit
Just cause you see me with another bitch
Don't mean shit
Check your phone
Hit you when I'm home
When I'm home

Lots to explain
Lowkey know I'm ashamed
But you should have stayed in line
Stayed in line
We both need some peace of mind

Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace

Said I broke you into pieces
I ain't mean to break you down
Now you sending shots
Now you sending rounds
I can't be too down
Be too down

Just came back from roads
Pull up make you fold
Emergency like 10/4
Trying to catch the tempo
You just want me home, pull up make you fold
Emergency like 10/4
Trying to catch the tempo (tempo)

Lots to explain
Lowkey know I'm ashamed
But you should have stayed in line
Stayed in line
We both need some peace of mind

Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace

Peace peace peace

Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
Peace peace peace
