

20 Man Down

Chase & Status

Educated
Entertainment
Getting paper
Terminator
Working out a price of his life on a calculator
Turn into a hater when they see my neighbours
Yeah I got brought up
Educated
Started off as entertainment
Now I'm really getting paper
Switch him off Terminator
Working out a price of his life on a calculator
Turn into a hater when they see my neighbours

Spaceship flying
God loves a trier
So I'm trying
If there's top shelf weed you know I'm buying
So much damn pain in my play list
Yeah I stay lit
All I want is profits or a cheque or a payslip
Turned opp-ish
Sitting with my rocket
I know they see the shape of the Glock my pocket
I meditate, white ash with my zoobie
20 man down if I ever burst this

20 man down if I ever burst this
20 man down if I ever burst this
20 man down if I ever burst this
20 man down if I ever burst this oozy

20 man down if I ever burst this
20 man down if I ever burst this
20 man down if I ever burst this oozy

20 man down if I ever burst this
20 man down if I ever burst this
20 man down if I ever burst this
20 man down if I ever burst this oozy
