Yeah, I'm ready, you know  
(Alright, wicked, bruv)  
Let's do this

Man said he's better than me, that's funny  
They're not serious, them man are funny  
They said grime was dead, I couldn't stop laughing  
Man, I found that shit so funny  
You don't rate Boy Better Know? That's funny  
Man can't come around me and move funny  
Start shutting down some of your favourite MCs  
And see if you still find that shit funny

Oh shit, look who the fuck is back  
It's Mr love make duppy on track  
Man can't come and act up in my zone  
Make a man drive home with your pride in your lap  
2000 and BBK, it's a wrap  
Round of applause flow, man'll just clap  
If I can't ball out with my dargs, it's dead  
I wanna say that I had fun when I look back  
Hold on, wait, let me kill 'em with a likkle flow quickly  
Lyrically, dem man ain't fucking with me  
Man said he don't rate my team out here  
That's funny, I can smell hate in the air  
Man'll climb up to the top of the stair  
We make the gyal dem stop and stare  
They be like "'llow me fam, it's not fair"  
And it's mad cause I heard man say

That he's better than me, that's funny  
They're not serious, them man are funny  
They said grime was dead, I couldn't stop laughing  
Man, I found that shit so funny  
You don't rate Boy Better Know? That's funny

Right now, manaman's calling it on  
My life, I put it all in a song  
The gyal dem know I don't play in the bed  
I be mashing up gyal like Rico Strong  
Forget the hype, if it's on then it's on  
45 will leave your headtop gone  
Dem man over there say they don't like Frisco  
Thought that I cared? Trust me, you're wrong  
I'm a fully grown man, I ain't no teen  
This ain't an act, this ain't no scene

If a man wanna try keep up with fuckery  
Leave your face all over your windscreen  
Hand on my heart, no word of a lie  
I am the best and I ain't gotta try  
Told man already long time in my ad-lib  
Diss me and get S-K-double-Y

You think this is funny?  
Well, Mr Funny Pants  
Is this how you get your sick kicks?  
In a cosmic sort of way, yes

Man said he's better than me, that's funny
