What do you have to lose, really?
Who say you couldn't chose, really?
Take a picture of the moon, yeah
Who do I have to be, really?
What do I have to do, really?
I'm just looking for the truth

Maybe if they think you're crazy
They won't mess with you
I said, they won't mess with you
Trust me
Oh, if they think you're crazy
They won't mess with you
No, they won't mess with you

What do you have to lose, really?
Who say you couldn't chose, really?
Take a picture of the moon, yeah
Who do I have to be, really?
What do I have to do, really?
I'm just looking for the truth
