

Let You Go

Chase & Status

You say
You can't go on this way
Things have got to change
When you're gone
Each day
The choice gets made
You think it's yours to make
But you're wrong

There's nowhere to run
No place you can go
Nowhere you can hide
Where you won't be found
There's no place on earth
Where you could lay low
Wherever you are
I will track you down

There's no way in hell
I will let you leave
Let you just get up
And walk out on me

There's no way on earth
Hell would have to freeze
More than twice before
I will let you go [x3]

There's no way on earth
Hell would have to freeze
More than twice before
I will let you go
