

Liquor & Cigarettes

Chase & Status

Welcome to the Heartbreak Hotel
Check your problems in
Drop your feelings off
And enjoy your stay

Liquor and cigarettes still on my breath
20 missed calls
150 texts
She said I know that you been out with them other chicks
I keyed your car up and I'm on my way to see my ex
Liquor and cigarettes have got me in a mess
But right now I'm up
And I think I feel my best
Shouting leads to arguing from arguing to sex
I like to party
I hardly think that it's disrespect
She said yeah?
I said yeah!
I don't care she said
Yeah?
I said yeah!
I think that I made it clear
Then we stared
Looked straight into her eyes
I said you're 'bout to have the best night of your life

Switch

I said you're 'bout to have the best night of your life

Wait

No

Liquor and cigarettes have got me in a mess
But right now I'm up
And I think I feel my best
Shouting leads to arguing from arguing to sex
I like to party
I hardly think that it's disrespect
She said yeah?
I said yeah!
