

## Step Away

Chase & Status

If you got that feeling, yeah  
Just take the time and step away  
Where do we go from here said its getting hard to see  
I got a thing for you and you got a thing for me

If you got that feeling, yeah  
Just take the time and step away  
Where do we go from here said its getting hard to see  
I got a thing for you - a thing for me

It's all about the sound  
It's all about the feeling

It's a musical tune  
And you gotta let it flow  
Take it deep  
Take it deep inside let you know  
It's a musical tune  
And you gotta let it flow  
Oh  
Step away

If you got that feeling, yeah  
Just take the time and step away  
Where do we go from here said its getting hard to see  
I got a thing for you and you got a thing for me

If you got that feeling, yeah  
Just take the time and step away  
Where do we go from here said its getting hard to see  
I got a thing for you - a thing for me

If you got that feeling, yeah  
Just take the time and step away  
Where do we go from here said its getting hard to see  
I got a thing for you - a thing for me
