

Take Me Away

Chase & Status

Uh...

Oh...

Let me tell you
Let me tell you what you do
what you do, what you do to me

Take me away

Take me away

Found you,
So happy I found you
What you do to me, yeah
Come on and take me away

Take me away

Uh...
Sometimes I can get so down
Sometimes I feel trouble
You take me away
I love you, uh...

What you do to me, yeah
Come on and take me away

Take me away

Take me away

Found you,
So happy I found you
What you do to me, yeah
Come on and take me away

Take me away

Take me away
