Time

Chase & Status

If you can find the time
To give your life to me
I will wait for you
If that's all you need
(Time, Time)
If you can find the time
(Time, Time)
If ever you're free
Just drop me a line
And tell me where you'll be
I'll be right here
If you can find the time
Just be sincere
If you can find the time
I'll wait for you.
But if you can't find the time
(Time, Time, Time)
Then cut me loose

Cause I don't have the time
And I don't have the patience
What do you take me for?
Why must I wait?
Cause while you decide
I'm stuck here suffocating
Cause if you can't find the time
My bleeding heart won't make it
My bleeding heart won't make it

If you can find the time
To give your life to me
Just drop me a line
And tell me where you'll be
I'll be right here
If you can find the time
Just be sincere

Cause I don't have the time
And I don't have the patience
What do you take me for?
Why must I wait?
Cause while you decide
I'm stuck here suffocating
Cause if you can't find the time
My bleeding heart won't make it
My bleeding heart won't make it
My bleeding heart won't make it

I'll be right here
If you can find the time
Just be sincere
If you can find the time
I'll, I'll wait for you
But if you can't find the time
Then cut me loose.

Cause I don't have the time

And I don't have the patience
What do you take me for?
Why must I wait?
Cause while you decide
I'm stuck here suffocating
Cause if you can't find the time
My bleeding heart won't make it
My bleeding heart won't make it
My bleeding heart won't make it

'Cause I don't have the time [x6]
My bleeding heart won't make it
