

# When It Rains

Chase & Status

I, I, I

On the back of the roads, when it rains it pours (Buh!)  
When that happens we load it some more (Load it up)  
Cleaning the streets, we call it chores  
Back of the roads, when it rains it pours

Trials and tribulations had me feeling at my worst  
I was stuck in the mud, I don't wanna hear your good words  
Leave me alone, I'm not concerned  
And neither are you  
These people are filled up with venom  
We call 'em snakes  
Tryna eat the food on my plate  
How you gonna do that?  
You already ate  
Pass me the bally, it's after 8  
Still hug the block, still in love with the curb  
Gun powder in the air, opp blood on the floor  
I had blood where I step, I don't care about Diors  
I kick down doors and the feds kick mine back  
Call this Van Damme, have you thought to kick back?  
Oh nah, you ain't like that, just sit back  
Never thought I'd be getting paid off of this rap  
Uh, I thought I'd be on the curb sellin' wraps

On the back of the roads, when it rains it pours (Buh!)

I used to go round there and loose twice a day  
Niggas wanna talk, but they don't play the game  
They just wanna talk, but they don't act  
I point where they're talkin' at  
Had to drop it out when I clocked it was fake  
Niggas don't want ride, niggas are on bait  
They wanna go hype, gossip, eat cake  
Nigga, you ain't on it, not like me
