

# The Fall

## Chasing Safety

Stop wait go  
Sometimes I never know  
I run in circles till my gas tanks too low  
Stop wait go  
My god you're too fucking slow is what I say to myself  
Like I should know woah were here again  
I'm so stuck in my head what was I doing again  
Am I better off dead

It wasn't pride that caused the fall  
It was the sickness  
We have our backs against the wall  
Blood levels elevating  
Feels like an earthquake in my chest  
This hearts evacuating

Sit stand jump  
Sometimes I never know  
I waited here just to find that I should go  
Sit stand jump  
It's like a pony show yet controlled by people I don't know  
What the fuck were hear again  
I'm so stuck in my head what was I doing again  
Am I better off dead

Better off dead

It wasn't pride that caused the fall  
It was the sickness  
We have our backs against the wall  
Blood levels elevating  
Feels like an earthquake in my chest  
this hearts evacuating

It's in my head  
Don't do this again  
It's in my head  
My god I did it again

It wasn't pride that caused the fall  
It was the sickness  
We have our backs against the wall  
Blood levels elevating  
Feels like an earthquake in my chest  
This hearts evacuating

Stop wait go  
I'll run in circles till my gas tanks too low  
Sit stand jump  
Sometimes I never know
