

## Black Sail

## Chastity Belt

We set sail  
And our boat went down  
Schools of fish  
Circling around

Black sail  
Strong wind  
Black sheep  
I'm not one of them

Who's in control  
The weight and the depth  
We were small  
We were so small

Black sail  
Strong wind  
Black sheep  
I'm not one of them
