Chat Pile

I see you, intruder  
I know you, I've seen your face  
Look into my eyes  
Teacher, death  
Know you, see you  
Following, following  
Why you know me?  
Why you know me?

I don't wanna live no more  
I don't wanna  
Face, face, face, face  
I don't wanna  
I don't wanna live  
Face, face, face, face  
Skin

My body don't want me  
My body don't want me  
My body don't want me  
My body don't want me

I am an alien in my own skin  
Drowning in quicksand  
I am an alien in my own skin  
Intruder, intruder  
Nothing, no one  
Face, face, face, face

I don't wanna live no more  
I don't wanna  
Face, face, face, face  
I don't wanna live no more  
Face  
Skin

Slit your wrists  
End your life  
Into the void now  
Into the blackness of the abyss  
Face, face, face, face  
Face, face, face, face  
Skin
