Hammers and grease  
Hammers and grease  
Hammers and grease  
Hammers and grease

And the eyes of God  
Always watching  
Always watching  
Always watching

If we could fly away now  
If we could only fly away now  
If we could fly away now  
If we could only fly away

And live in different skins  
Exist in different skins  
And live in different skins  
And remove all your skins  
And walk in new light  
And walk in cleaner light  
And walk in new skin  
In new light

And the eyes of God are forgiving now  
So forgiving now  
So forgiving

Blood had to be shed  
In order to set things right  
Blood had to be shed  
In order to set things

Hammers and grease  
Hammers and grease  
Hammers and grease  
Hammers and grease  
Hammers and grease

Haunted building  
Haunted life

And all the blood  
All the blood  
And the fuckin' sound, man  
You never forget their eyes

Everyone's head rings here  
Everyone's head rings here  
And there is no escape  
There's no motherfucking exit  
Hammers and grease  
Pounding  
Pounding  
And the sad eyes, goddamnit  
And the screaming  
More screaming than you'd think

There's more screaming than you'd think  
Everyone's head rings here  
Everyone's head rings here  
You never forget their eyes  
Fuck  
You never forget their eyes  
You never forget their eyes

Hammers and grease  
Hammers and grease  
Hammers and grease  
Hammers and grease  
Hammers and grease
