

# Drink You Off My Mind

Chayce Beckham

Yeah, I'm doing okay  
I'm trying to make my way through these weekdays  
The money is alright  
But nothing in this life comes easy  
Yeah I'm going crazy  
From driving up and down this old fifteen  
Maybe the whiskey  
Can make me feel like somebody would miss me

'Cause I was doing fine  
Until I had to drink you off of my mind  
And everything that I had going for me now is gone  
And ain't it funny how the time  
Can really help you change your mind  
I tore this whole town up  
I ain't giving up  
Trying to drink you off of my mind

Well, maybe in my mind  
It makes things just a little less complicated  
And maybe in my life  
Yeah, some of these things are just overrated  
Well I'm going crazy  
From driving up and down this old fifteen  
Maybe the whiskey  
Can make me feel like somebody would miss me

'Cause I was doing fine  
Until I had to drink you off of my mind  
And everything that I had going for me now is gone  
And ain't it funny how the time  
Can really help you change your mind  
I tore this whole town up  
I ain't giving up  
Trying to drink you off of my mind

Ain't it funny how the time  
Can really help you change your mind  
I tore this whole town up  
Still ain't giving up  
Trying to drink you off of my mind

I tore this whole town up  
Still ain't giving up  
Trying to drink you off of my mind
