

# Glitter

Chayce Beckham

We looked the part  
Memorized the lines  
Made it look easy  
We did it all the time  
Just playin' along  
Until the spotlight was gone  
Cause you can only fake it so long

You can't water silk flowers  
And expect them to grow  
Or pretend it's a diamond  
When it's a rhinestone  
Yeah we made it look perfect  
Like a magazine cover  
Shine bright for the picture  
But not for each other  
The love wasn't real  
The kiss was for show  
Baby it was only glitter  
But it was never gold

Some satellites are mistaken for stars  
Like some people wish they had a love like ours  
Cause it looked good on paper  
Until the page turned  
We found out we couldn't be  
Who we were acting like we were

You can't water silk flowers  
And expect them to grow  
Or pretend it's a diamond  
When it's a rhinestone  
Yeah we made it look perfect  
Like a magazine cover  
Shine bright for the picture  
But not for each other  
The love wasn't real  
The kiss was for show  
Baby it was only glitter  
But it was never gold

You can't water silk flowers  
And expect them to grow  
Or pretend it's a diamond  
When it's a rhinestone  
Yeah we made it look perfect  
Like a magazine cover  
Shine bright for the picture  
But not for each other  
The love wasn't real  
The kiss was for show  
Baby it was only glitter  
But it was never gold
