

Love To Burn

Chayce Beckham

You play me like a song you kinda like
You stay up with me like we've got all night
You read me like a page you gotta turn
You love me like I got love to burn
Like I got love to burn

Show up with your hair down
Making me think that you care now
Taking all of my air now
You love me like I got love to burn
Everytime you kiss me
You want me when you're with me
When you're not, you don't miss me
You love me like I got love to burn
(Woah, oh-oh)
Like I got love to burn
(Woah, oh-oh)
Like I got love to burn

You fade away like a sunset in your eyes
And it's too late before I realize
That you get close, just close enough to hurt
But you love me like I got love to burn

Show up with your hair down
Making me think that you care now
Taking all of my air now
You love me like I got love to burn
Everytime you kiss me
You want me when you're with me
When you're not, you don't miss me
You love me like I got love to burn
(Woah, oh-oh)
Like I got love to burn
(Woah, oh-oh)
Like I got love to burn

Baby, burn
Baby, burn so good
You're a lesson that I never wanna learn so good
When I cross your mind
We can cross that line
I can be all yours
Even if you're not all mine

Show up with your hair down
Making me think that you care now
Taking all of my air now
You love me like I got love to burn
Everytime you kiss me
You want me when you're with me
But when you're not, you don't miss me
You love me like I got love to burn
(Woah, oh-oh)
Like I got love to burn
(Woah, oh-oh)
Like I got love to burn

(Woah, oh-oh)
Like I got love to burn
You love me like I got love to burn
