

This Ol' Rodeo

Chayce Beckham

You say you love Cowboys
Or at least the ones you've seen on TV
Saddle up Shadow on the brow, boys
Always makin' that life look so easy
And all the ways you'd have to break and bend
For you to fall in love with

This ol' rodeo
You'd have to be a fool
To take a chance on a chance-taker
Dancin' with the bulls
Well it's a crazy dangerous game
You can't say you ain't been warned
It ain't the roses, it's the thorns, dear
And they grow on steer's horns yeah
And this ol' rodeo
And this ol' rodeo

You say you wanna settle down
In a big ol' house on a piece of land
And maybe have a kid or two
But I was born with the pedal down
And there ain't no brakes darlin'
You can't have your cake and eat it too

This ol' rodeo
You'd have to be a fool
To take a chance on a chance-taker
Dancin' with the bulls
Well it's a crazy dangerous game
You can't say you ain't been warned
It ain't the roses, it's the thorns, dear
And they grow on steer's horns yeah
And this ol' rodeo
And this ol' rodeo

All the ways you'd have to break and bend
If you'da fall in love with

This ol' rodeo
You'd have to be a fool
To take a chance on a chance-taker
Dancin' with the bulls
Well it's a crazy dangerous game
You can't say you ain't been warned
It ain't the roses, it's the thorns, dear
And they grow on steer's horns yeah
And this ol' rodeo
And this ol' rodeo
And this ol' rodeo
And this ol' rodeo
