Fever, I can feel the fever of the night, ah
Freedom, so young and free, we do just what we like
Just what we like

Got my hands up on your body
Burnin' me like coffee
Ruined your Versace

We keep dancin' with my demons
Know I should be leavin'
But we keep on drinink'
Stayin' up all night
Dancin' with our demons
You give me that feelin'
Throw away my reasons
Make me come alive
Dancin' with my de-de, de-de-de-de
De-de, de-de-de-de
De-de, de-de-de-de

Dancin' with my de-de, de-de-de-de
De-de, de-de-de-de
De-de, de-de-de-de
Dancin' with my de-de, de-de-de-de
De-de, de-de-de-de
De-de, de-de-de-de

Danger, we're not safe so let's be dangerous, ah
Pressure, all this pressure, let me take it up, take it up

Got my hands up on your body
Burnin' me like coffee
Ruined your Versace
