

# Do It All Over

## Cheat Codes

At your doorstep, say I'm leavin'  
Like it's the end, but I'm lyin' to myself, oh  
You say you're hurtin', I say we'll be friends  
It's déjà vu again, and I'm lyin' to myself

'Cause I hate when I wish I could let you go  
I'm dyin', I'm dyin' to hold you  
And I hate when you call and I hold you close  
Like I know it's already over  
Maybe it's you, maybe it's me  
Wish I could work it out in my head  
Maybe I will, maybe I won't  
Maybe I'll do it, do it, I'll do it all again

Do it all over, do it all over, all over again  
Do it all over, do it all over, do it again  
Do it all over, do it all over, all over again  
Do it all over, do it all over, do it again

I'll block your number, delete the photos  
I got a routine, yeah, it helps me to forget, oh na-na  
All the bad shit, I wanna let it slide  
A couple weeks go by and you're right back in my bed

'Cause I hate when I wish I could let you go  
I'm dyin', I'm dyin' to hold you  
And I hate when you call and I hold you close  
Like I know it's already over  
Maybe it's you, maybe it's me  
Wish I could work it out in my head  
Maybe I will, maybe I won't  
Maybe I'll do it, do it, I'll do it all again

Do it all over, do it all over, all over again  
Do it all over, do it all over, do it again  
Do it all over, do it all over, all over again  
Do it all over, do it all over, do it again

Do it again  
(Do it again)

'Cause I hate when I wish I could let you go  
I'm dyin', I'm dyin' to hold you  
And I hate when you call and I hold you close  
Like I know it's already over  
Maybe it's you, maybe it's me  
Wish I could work it out in my head  
Maybe I will, maybe I won't  
Maybe I'll do it, do it, I'll do it all again

Do it all over, do it all over, all over again  
Do it all over, do it all over, do it again  
Do it all over, do it all over, all over again
