

# Fed Up

## Cheat Codes

No, my mind ain't right  
Cold, so cold last night  
Alone, oooh, how nice  
Gold, got gold inside  
And everytime I hear the angels sing  
I get a glow around my halo  
It circulates, I feel it in my veins  
I'd take a hit to see the rainbow

Oh my god, I'm tired of being fed up, fed up  
Oh my god, I'm trying to keep my head up, my head up  
Now I'm up in the clouds  
the heaven's around, the trumpets are loud  
Now I'm up in the clouds  
the heaven's around, the trumpets are loud

No, I don't like this place  
I'm making a plan so that I can escape  
I'm going, I'll be gone some day  
Gold, I'm on my way  
And everytime I hear the angels sing  
I get a glow around my halo  
It circulates, I feel it in my veins  
I'd take a hit to see the rainbow
