Oh
Give me a chance
Give me the car
Get rid of your friends
I don't want, I don't want none of these people involved
(None of 'em)
I know what I did
Don't have an excuse
They say money talks
I got my money talkin' bad
Like give me the loot

I might just be in a Benz
Just for my baby
Just on a whim
Might roll up a couple of grass
Look at the stars, look at the drip
Black and red on the inner-side
Got it bloody like Tarantino
Makin' these bitches sweat
Runnin' round town
Paint it cherry red, maraschino

I buy you a lil'
I buy you a lil' Ferrari
Only to say
Only to say, I'm sorry
Just hop in the whip
I take you to San Diego
Let's lay on the beach
Baby we smokin' that Fuego

I buy you a lil'
I buy you a lil' Ferrari
Only to say
Only to say, I'm sorry
Let's hop in the whip
I take you to San Diego
Let's lay on the beach
Baby, we smokin' that Fuego

I buy you a lil'
I buy you a lil' Ferrari
I buy you a lil'
I buy you a lil' Ferrari
I buy you a lil'
I buy you a lil'
I buy you a lil'
I buy you a lil'

Cash down, the Beamer
Makin' my mama cry
Gots you a two seater
Man that's a hell of a ride
You ass steal more than Padres
I slay it home like a ball game
We burnin' trees like it's woozy

This a hell of a night
I don't deal out on first names
God knows I gets loosely
Spend more on you than my mommy
That's a hell of guy

I buy you a lil'
I buy you a lil' Ferrari
Only to say
Only to say, I'm sorry
Let's hop in the whip
I take you to San Diego
Let's lay on the beach
Baby we smokin' that Fuego

I buy you a lil'
I buy you a lil' Ferrari
I buy you a lil'
I buy you a lil' Ferrari
I buy you a lil'
I buy you a lil'
I buy you a lil'
