I don't talk to God
Your body's enough
I'm here and I'm yours 'til morning
There's no need to speak
Wrapped up in these sheets
Blind faith when I'm falling for you

Oh, baby, got me on my knees (Woah-oh)
Your love is like a prayer to me (Woah-oh)
We're livin' in a fantasy (Woah-oh)
Woah-oh

When I'm lyin' in this bed with you
I'm in Heaven, H-H-Heaven
I'll do anything you want me to
For this Heaven, give me Heaven
Maybe you're my hallelujah
Maybe you're my hallelujah
When I'm lyin' in this bed with you
I'm in Heaven, H-H-Heaven

Through open the gates
Brought light to this place
Two bodies and holy water
My perfect escape
That feeling we chase
I offer myself before you
