I'm feelin' woozy
She 'bout to woo me
I got the millies in the bag
But she's an Uzi
Call her groupie
But her name is Judy
She look expensive
Just the way I like my jewelry

This is how a horror movie starts
If you had a chance, would you kill me in the dark?
I know I be playin' with some hearts
Two shots if you're bigger than my bark
This is how a horror movie starts
If you had a chance, would you kill me in the dark? Yeah
I know I be playin' with some hearts
Take two shots if you're bigger than my bark

You're not too icy
Like not nice, no wifey
You a nightmare with good lips
Yeah, that ass is too thick
Yeah, that ass is cool whipped
Could have paid rent for all the times I spent between those two lips
Yeah, ooh, she play me all the time
Just to keep me on her mind
Sit the pussy on my face
She say, "This is how you die"
She want me dead like cadaver
I don't want no one to have her
Make it disappear, cadabra, baby

Love me, hate me
Either way I get what I want, it's amazing
