

I Remember

Cheat Codes

Hmm, yeah, yeah

We stayed up all-night long
Drank your roommate's alcohol
But I don't think we ever paid her back
Sharing Swisher Sweets
Yeah, and all our crazy dreams
I kinda miss the days it felt like that

Two first-time hearts
Looking back, baby, we were clueless
But we fell so hard
Like we knew what we were doing

I remember the nights when we
Were young, dumb, and wild, and free
When I close my eyes, I can see you in my sweatshirt
Dancing 'round that college bar
These days, I don't know where you are
But I get to keep these memories forever

Oh, I remember
Oh
I remember, oh, oh
Yeah, yeah

Still can't hear "Third Eye Blind"
Without thinkin' 'bout that night
We bought lawn seats, but we never made it in
'Cause we couldn't stop making out
On the hood of that Chevy Stepside
And we sang, "Doo doo doo, doo doo-doo,"
While spinning you in those headlights

I remember the nights when we
Were young, dumb, and wild, and free
When I close my eyes, I can see you in my sweatshirt
Dancing 'round that college bar
These days, I don't know where you are
But I get to keep these memories forever

Oh, I remember
Oh
I remember, oh, oh

Two first-time hearts
Lookin' back, baby, we were clueless
But we fell so hard
Like we knew what we were doing

I remember the nights when we
Were young, dumb, and wild, and free
When I close my eyes, I can see you in my sweatshirt
Dancing 'round that college bar
These days, I don't know where you are
But I get to keep these memories forever

Oh, I remember
Yes, I do
I remember, oh, oh

Dancing 'round that college bar
These days, I don't know where you are
But I get to keep these memories forever
Oh, I remember
